“In this wonderfully comprehensive and convincing new book, Witt provides us with the best single volume yet on the topic of women in church leadership. The book is theologically orthodox and biblically grounded in a way that should appeal to any thoughtful Christian. By taking on both catholic and evangelical arguments in a scholarly yet readable style, he shows the weakness of the majority view that would bar women from priesthood or pastorate on the basis of their gender. Demonstrating a generous orthodoxy and biblical faithfulness, this book should be studied by thinking Christians of all kinds and places considering this question for the Church today.”

~*Alan G. Padgett, Professor of Systematic Theology, Luther Seminary*
